“ I just learned of Kevin's death after I returned from my vacation. What a loss for so many lives that he touched. Kevin was such a quick wit, happy guy with a smile that filled the room. I found out his love for chocolate when he was working on the new Administration suite...He was always happy to take time out to help, even if it wasn't something that he was working on (that's where the chocolate came in). He was always happy to listen to our "suggestions" of things we would like changed and never acted like he was too busy. I always felt lucky when I would run into him in the hospital after he finished in Administration and was on to other projects. To the family and friends of Kevin...I send my thoughts and prayers that you hold the precious memories of this great guy close in your heart...he will be greatly missed. “ Kevin, my friend;

It's hard to put into words how I feel,
This is still so unreal.
You always had something to say
To make us laugh and lift our day!
Thank you for being such a bright light
From the time you came in
Till you left at night!
I hope that you can see from above,
The hearts you've touched
And how much you are loved.
You've made us laugh
Now you make us cry;
It is so hard to say goodbye.
So sorry for the loss to all your family and friends

“ I also work at MCHC and every morning when I came down to get coffee at the café I would see Kevin and his crew working. I work in the library at MCHC and a new library was part of the construction project. I had lots of questions and suggestions about the new library and Kevin was always patient and always helpful. Kevin treated everyone that way. Please know that we miss him very much.

“ So very hard to believe that Kevin is no longer here with us! My heart breaks for his family, "his guys"(crew) and his MCHC family. He was funny, kind, caring, and literally was a joy to be around. I will miss bringing him no bake cookies and pumpkin rolls as he always joked about his girlish figure.
Kevin my friend, you will forever be missed and there is no one that will be able to fill your boots!

“ I was lucky enough to get to know Kevin on the MCHC remodel. Every day he had a smile and a warm good morning for everyone. He is truly missed daily here. My thoughts are with his family during this tough time.

“ I had the pleasure of working with Kevin over the last year while MCHC was going through its remodel. He was the constant bright spot and glue that held everything together. His kindness touched everyone. I keep expecting to see his smiling face and the two of us coming up with a plan. Please know the number of people he made happy with his caring approach. My thoughts are with your family.

“ I also work at MCHC and every morning would get a "Morning Sunshine" from Kevin. I'm still shocked and keep expecting to see him outside my door. I didn't know him well, but from the first day I met him, the banter began. He was friendly, outgoing and always had a smile. He will be thought of often and greatly missed.

“ I work at MCHC, and Kevin has been supervising our remodel for the last year or so. He was always quick to make us all smile/laugh. We are all saddened very much. He will be missed.
