

## Cody Jay Gehl-Thompson

July 8, 1994 - March 4, 2024

Cody Jay Gehl-Thompson born July 8th 1994 in Hastings Michigan, passed away suddenly on Monday March 4th 2024. Cody is survived by his son Cody Jay Gehl-Thompson Jr and while he was estranged from some close family members he is survived by those who loved him and showed up for him when he needed them the most. Ben, Cody's older brother said that Cody was a well rounded fighter, an amazing father and brother with more determination than an army. Cody always fought for what was right and as long as you were on his "good" side he was loyal to a fault. Cody's sister Amber described him as wild, young, carefree, loving, a protector, and also notes that he did not care what anyone thought about him. Cody's cousin Danielle said that Cody always smelled good and growing up she always liked his style. Danielle also described Cody as passionate and caring and the only thing he was more passionate about than being a father was being an MMA fighter. Cody's sister Brandi said that while he drove her nuts half the time the brother and sister bond they shared can never broken. They had their fights and disagreements but they always reconciled and their sons loved spending time together. Cody was cremated on March 8th 2024 per his wishes and a memorial will be held for him as well as a celebration of life around what would have been his thirtieth birthday. Cody was not a flower or materialistic kind of person so in lieu of flowers any donations not covering the memorial or cremation will go towards a fund for Cody's son to use when he comes of age. Arrangements have been entrusted to Kalkaska Funeral Home and Cremation Services.
