“ I worked with Dave at jacks from the time I was 14 to about 20. In my teenage years I had the pleasure of making some good memories, hiking way back into the woods and doing some of the best brook trout fishing of my life. He also use to bring us in brook trout for breakfast at the shop, and made the best venison neck roast I've ever had. I haven't got to see him much in the last 10 years, only when I come back to town to visit. I will surely miss that outspoken old man, and will always cherish the memories with him when I was a teenager.
