“ *I've only known my father in law for a few years. I know he was a good man who cared deeply for those he loved. He was very proud of his son and you could tell just by the way he would light up when he would see Tom. I am thankful for the time I got to know him and wish I could've had more. I am even more thankful for how well he raised his son and how good of a person he taught him to be. He will be missed dearly and my love for him will never fade.*
