“ One of my earliest memories I have of you, is when you, David Tracey, Jamie, Brian, Michael and I went for a walk down to Bayview, up Eglinton and then stopped into Beckers. You bought all the chocolate bars. We continued walking all the way around about 10 city blocks in total back to the house on Roehampton Avenue. I must have been about 5 or 6 years old. But you were the grown up to me at that age. When times were simpler. Will miss you Stephen. Don't spill the milk! lol
