“ George was on the Kalkaska Conservation District board when I was first transferred here in 1988 with the Soil Conservation Service. His passion for regenerative agriculture was (and is) an inspiration to me. I used his farm as an example of what true conservation looks like. He and Sally were the basis for the incredible local foods movement we have here in NE Michigan. I will truly miss him! Pepper Bromelmeier

“ I'm so sorry for your loss. I only met Mr.
Shetler once. I brought my Nieces and
Nephews to your dairy store for ice cream for
them and buttermilk for me. (best buttermilk
ever) We walked behind the store just as the
cows were being brought into the barn. Your dad invited us into the
barn to watch the milking process. He spent a lot of time telling us
the names of the cows, how much milk each cow produced, the
different breeds. It was clear he loved his cows and his farm. It was
a great time and memory for us that they still talk about. He was a
very kind man.
