“ I first "met" Harold on line about 4 years ago. We became friends on Facebook. He has been my go to guy for sound advice concerning scripture and life events. He was an excellent teacher and never wavered in his walk with The Lord. I feel so Blessed to have known him for even the short time i did. My heart goes out to his friends and family for their loss. I am confident that he is in glory and continuing his walk with The Lord. I will miss reading his posts . I feel that the Body of Christ has lost one of her great warriors for the Word of God, but at the same time I feel that he would encourage us to keep up the good fight until we are all together. Keep learning, never stop studying the Word , encourage one another. . Harold even reminded me a little of the apostle Paul as he "did not yield in submission even for an hour, that the truth of the gospel might continue with you." Galtians 2:5 May the Peace of God, which surpasses all understanding ,guard our hearts and minds through Christ Jesus.(Phillipians 4:7) Even so , come Lord Jesus!

Thanks Harold,
Deborah Hudson

“ I remember going and knocking Doors with Beaver when i was a young man, and he always bought pizza for lunch at the Yankee Boy. Also had a sleepover with his kids when we were young for some od us that attended church with them! One of my fav times when i was a Sophmore I got to leave the school with Beaver to take a bunch of wood up past Grawn to a little wood shop to have them plained for The school. I remember it was snowing pretty good and when we returned to the school they let out an hr early due to weather. We drove that old Blue Van. I am terribly sad to hear this. When he found out about my cancer the first time a few years ago he bought and shipped me some type of stuff to help fight it without regular treatments and some strong vitamins that helped support my Natural immune system.. What a good man. His love of God had a deep impact on the relationship i now have with God and Jesus. May Gods Grace and Peace be with the Family. I know without a doubt he is in a better place than this World!!! Love Y'all Family!

“ *Beaver Green was a great man. I remember sitting by the post office listening to him play guitar wishing I could play half as well. He told me one day he would teach me to play and I never took up on it . Man I missed out. I also admired his wood working. Didn't know Beaver as well as most. But I know he helped the world be a better place!*

Yes he sure did. He received alot of quit criticism from students that just never knew him and were Judgemental. He never deserved it, but youngunns are ignorant.

Beaver was loved by post of the students attending Forest Area Schools while he worked there. His love of God shined thru his actions daily and I know he led several kids to Him. His gentle ways and kind heart we're so noticed. I worked with Beaver for several years at the school. He always did a great job. I will always love the memories we shared. Rest in peace Beaver. I love you.

“ When I think of Uncle Beaver this very faded memory pops in my mind from when I was just a teeny girl. We were sitting on the side of the river, everyone else was fishing. He had snagged one of the worms from the bait pile and ate the worm! Well he didn't actually eat the worm it was an optical illusion, but as a child I remember laughing (and slightly horrified) thinking he had done it. ❤️ Rest In Peace Uncle Beaver

“ I remember coming up to Michigan and my Uncle Beaver coming by to visit with us. I will never forget him pulling out his guitar and playing “Blackbird” by the Beatles, for my mom and family. It was the most beautiful version, and I was amazed at how talented he was. It was one of her favorite songs and it always reminded us of him, and that day. I hate that we had so much distance between our families, but we loved my Uncle and will continue to grow our relationship with his amazing kids, and their beautiful babies! Sending all of our love to our Michigan family!

“ *My brother Beaver was an extremely talented man with talents in music and woodworking. He was a fun brother too. While growing up my parents would go out once in a blue moon and when they did we broke into our "no parents mode" We would set up a boxing ring in the livingroom and Beaver was my personal trainer. Chuck was Jamie's He would have me doing push ups and sit ups to get ready for the big event. Since I was the littlest I got to wear a football helmet for protection. Lol. Jamie accidentally knocked out Trudy! We stopped doing it after that! We had some good times growing up on the river. It was beautiful and serene. I know Beaver loved it out there and spent many days in the woods and fishing the river.*
