“ Bud, you were always like a grandpa to me. I remember the year you came to me as Santa and brought me my first bike! I still remember your Santa voice!! All the times we were fixing grandma Jane's farm equipment. I think we did more laughing and teasing than we did fixing though! But I will always remember those times. Grandma Jane always came to check on us and always teased us for never getting work done! You always had something to say to make everyone smile and laugh! I will forever miss you, but I hope you're enjoying yourself up there!! Till I hug you again.

“ He will always be Bud to us. I remember when he played a very convincing Santa Claus to my granddaughter. A man of many talents he helped repair our farm machinery and most of all he was a good friend. Bud, we will miss you always. I know you and your friend of many years Horton who passed before you are already swapping hunting tales over the Rainbow. Much loved by Jane Rowell and family.
