“ This man became a major part of my life over 25 years ago.

I believe with all that is inside me, we were meant to be close family along with his wonderful wife Tomasa.

GOD put us together for reason we may not understand, but I think it has all to do with us needing each other

You adopted you and Tia as my papi and Mami.

Thank you for the best years. I love you with all my heart Tio and I know we will all be with each other again one day.

So many years to be neighbors, family and friends. Uncle was so handy. Always staying busy. We would see him out in his yard doing something right up until he couldn't do it anymore. He was a very humble man who will be missed by me and my husband. He and Tomasa were good neighbors. We were fortunate and blessed to know them. God bless Uncle Luie and Hot Tamale. ❤️
