“ I did not know your parents but I want you to know you are in my thoughts and prayers during this difficult time. I have worked EMS for years and know how quickly something can change. Talking with my some right after it happened, he made a comment that he would hope if that happened to him and my daughter in law that he would go with her. I realized for the first time in 10 years of them together how much he truly loves is wife. Your parents will be remembered and I continue to sent prayers and thoughts now and in the future.
