“*Joan's husband Ron worked with me and was my golf partner in the early 1970s! Joan became my friend also and always had a cup of good English tea from her homeland ready when I stopped by. She called everyone Love in her soft British accent! I reenlisted in the army in 1975 and returned to Kankaska County in 2015. My mother Caroline Nolf (1926-2020) suffered from dementia and resided in the same senior center as Joan where we rekindled our friendship! Joan remained the same loving person she always was! Joanie will be remembered fondly!*
