“ I lost my dad back in 1988 on New Years Eve. John I have known since I bought the cottage back in 1984. Within a few months of being up there, John and his family became family to me. John, Vi, and Jim, were always there to help, and support the things I knew very little about, when it comes to fixing things, etc. John was like a dad to me in more ways, than I could ever think of. He was always there to help me in anyway possible, no matter what it might be. He maybe gone now with his past loved one, BUT he will never be forgotten, for the rest of my life. May God bless you my dear friend, and give you the peace, and comfort that you have well earned thru all the years of helping, and giving to others.

God bless you John,
