“ *I just can't believe my sister is gone. She has been more than just a sister. She has been my best friend all my life and my Mother since our mother died. She was always there whenever I needed help with anything. We didn't always see eye with each other but, we were so close we would overlook our differences. I was proud of her and all her accomplishments She loved her Lord with all her heart and I know she is happily in his arms.*
