“ So sorry for your loss. I didn't know Mary personally but have spoken to her on the phone a few times. I was trying to look up her number when I found out she passed. I was the with her son Dale for years is how I know Mary. She was always nice to me when I spoke to her. I never met her but I loved her. Dale told me as much as he could about her and I just loved her for being the mother of the man I loved. I always hoped I could meet her one day. Again so sorry for your loss. I know she will be missed.
