“ Suzie and I were in nursing school together at NMC and worked together in the Oncology unit at Munson Medical Center after graduation. She had a great sense of humor and was very sharp intellectually. When I went to work in another unit we stayed in touch and continued our friendship. With the mutual love of crafting we joined her father at Long Lake Elementary for a craft show. I will remember our visits, her great Halloween party, and the many fun times we shared. Love You and Miss You. Mary Bonner

“ I went to high school with Suzan. She was always happy and I enjoyed her so much. I worked with her sister, Ginny, at Grayling State Bank a few years after high school. Once Facebook came along I reconnected with Suzan. My heart is so sad that the world lost this wonderful person. My thoughts and heartfelt prayers go out to her family.

“ I attended nursing school with Sue at NMC. She was so kind, funny and smart! We were “study buddies” and I was always impressed with Sue’s sharp mind. She was also so kind and empathetic. I loved witnessing her demeanor with patients and classmates alike. Always there with encouragement and support when any of us were having a rough day. We lost touch after school, but I was always so happy to run into her like no time had passed. The gift of her sweet light will be missed. You remain in my heart Sue ❤️
