Tribute Wall

TR

“ Oh my dear friend, Wanda. I'm so saddened to see this posting. You were so dear to me and near to my heart. You were very special. I met Wanda back in 1993. She trained me at her last job Blue Cross and Blue Shield of Michigan before she retired. We were friends...very close until 2008 when circumstances arose that separated us. I will always cherish the memories of spending weekends with you on the lake. I remember the fun we had in downtown Traverse City shopping and dining, coffee looking out the window next to the kitchen table to watch all the bird feeders with birds gathered around. I remember the fun we had dining at The Holly Hotel while we attended the Charles Dickens Christmas Festival several holiday seasons. Everytime I go there, my thoughts of you are so clear. We had numerous adventures during the times we spend together. I'll always remember climbing the Sleeping Bear Dunes. Wanda was always there for me during some pretty difficult times. We were 'girlfriends'. God rest your precious soul dear friend.
