“ *Winnie, you certainly will be missed. You had such a wonderful sense of humor and we laughed so much. You were another one of my sisters... We had so much fun... You truly loved your family. You certainly have suffered more than any one person should have, but were able to get through that because of your faith in God. Knowing where you were going made it so much easier to let go of you. I know you are so happy there now. Your granddaughter certainly made you proud yesterday. I know how much you loved her and it was very evident the love she has for you. Enjoy your new found heavenly body. I know you have now seen the face of the Lord. AWESOME !!! Our condolences to Dale and all of the boys and wives. I know there is a big hole in your life now. Let God help that heal... God bless.*

Bruce, Patrick, and David, I am so sorry for your loss. Words cannot express the sorrow I feel for you during this painful time in your lives. Your mom was such a wonderful person who showed love to everyone. I remember her always being so warm and caring during our stays with your family each year for the reunions. Take the love she fed you and pass it on to your children in her memory. Hang on to that love and you will always remember the warmth.

“ *First memory of Winnie Bridson: when I went into Kimball's Market and asked if they were hiring and she said, "I don't know..." and we looked at each other square in the eyes and she said to me, "I know you'll be a good worker" and within a few days I was hired, which began a huge friendship. So many memories - can't even begin to say - how many memories of laughing, working, and we'll always miss you Miss Winnie. You'll always be in my heart, Barbie Abramczyk*

“ *Winnie, your sweet smile and sunshine soul. You were a blessing to me and my family. I cherish your friendship. We met at Kimball's Market and worked together for years. After I left there, even though miles kept our friendship apart, every now and again we'd see each other and hug and promise we'd try to do something together. You are a beautiful soul. What a loving family you have. I thank God he blessed us with you. I love you and will see you again in a much better place. Love, Mary Kelley Shomin*

“ It's so hard to believe that Mom is gone, I ache so bad from the loss of her not being here. Although I find a little comfort knowing that she is not suffering any longer, I look back on all the good memories with Mom, how important it was for her to have her family with her at the holidays, and other important events. Our large family is always their for one another when times get tough and I know will be their for comfort in this time of need as well. Mom has touched so many lives in so many ways, I wish she didn't have to leave us so early, but has suffered more than anyone should ever have to. In time this ache I feel will get easier to bare. Mom is now an angel in heaven looking down to comfort all of us. I Love you Mom, and you made it so clear to all us that you loved us too. Till we meet again Mom, I will miss you.

“ *I really hadn't let myself cry until now. She didn't want me to cry. My memories are limitless, just like her love for her family and friends. But if I had to choose, my memory of this beautiful lady is that she was never selfish with her time or love. She was always there to talk to me, guide me and just to listen. In my younger years, she would take me into Cadillac to JCPenny so I could pick up the clothes that I would order from her catalogs. Those were pretty special moments and just priceless to me.*
